post office was locked for years. The address was true but it was address of the Russian representative of the UNO. Is he the one who flared the misunderstanding between USA and Russia??? Before he enter the house the PD blocked the way and they entered into the house ,but they left the house in a very few minutes. When Watson tried to enter into the house he was blocked by the police, even he told to them that he was an agent of Interpol they rejected to allow him, but he saw one of their names as JACK . So he entered the house through the side window. He was shocked to see that MR.RICHARD (the American traitor who flared conflict between USA and USSR) was shot dead , he started to inspect the house there he found the bullet on the floor then he took it to home to inspect it. The result of the inspection says that the bullet is used in a 9mm pistol, and it was not the bullet issued by the government . It seen to be used by the gangsters .He went to the police headquarters to have an enquiry about the police men JACK ,but he did not get the desired result because he was an fake officer .Then he came to conclusion that other officers must be fake. A week after he received a call from INTERPOL, they called him to a conference. He went to attend the conference at New Mexico. There he was informed about another Russian traitor, he landed on New York , a day before. He accepted the challengeable mission to find the new traitor and his gang. On his way to New York, he was thinking about the murder of Mr. Richard .Then he remembered that the address on the letter was this house he only had seen the letter then how did the police know about this traitor. More over Jack is a fake one, is he the new traitor and others are in his gang?????? He decided to inspect the house once again, this time he again sees a torn letter but only in one place that is the place of content . The letter was written under name violet venom ,but who is

the new person violet venom. When I inspected the house for the first time I did not find the letter...then how it would have come into his house?? Watson was confused and he searched the house he got one e-mail stating that "come to

the meeting at the lab tomorrow".and a another torn letter stating
"v) b 12 1 s 21 "

The whole night Watson and peter tried to break that codes

And they found a terrific info

" ii)4 el" =del {number represents the alphabets}

" iii) b 15 m=bom

iv)b 15 m 2= bomb

v) b 12 1 s 21= blast

"i)1t" = at

When the rearranged the words they got that

"at del bom bomb blast "

But they were confused what are the meanings of del and bom

At last they found that

Del = Delhi

And ..

{guess what bom means ..?!! }

Bom = Bombay

They were confused when is the bomb blast. So they again went to the

Nuclear lab to overhear the conversation ,but they Watson was shocked to see his boss ,

Richard, James, and john . when they broke the door and entered the lab his boss victor

was shocked, Watson held his gun towards victor and asked when are the bombs are going

to be blast ,but he said that he doesn't know about anything and Richard raised his gun

towards peter and asked that

Richard :why did you betray us?

Watson : peter you too in the plot ?

Peter: no... you..don't you know that I killed Richard

Richard :what are you talking about ...can't you see that I am alive here

Watson : that is not true

Victor :believe it Watson we have followed him since last week

Peter : IMPOSSIBLEI was with Watson the whole week

James and john: we have..

Watson : silence you traitors

John : we have found what is behind this misunderstanding

Victor: what ?

James : do you remember those masked men

Watson: what?

James : the facial masks of another person

Watson : yes I remember it we use it spy our enemies

James : yes that our enemies have used the same technique

Victor: how can we find them... no clues

Watson and peter :we have one

Then all six went to James's house and

Watson asked him is this his house he answered that this was his old house all letter will come to this house. then he asked victor whether he send letters to him ,he answered that " yes I do". Watson said that " then our route is clear someone knows about this and he collected the information of us and he created facial clones of us and made us fight within us and he is in his path to execute his plan. Then all six went to Watson's house and he showed them those letter to victor and asked him whether he sent these letter

but his answer was "no" .to hear that Watson was shocked ,so he concluded that their enemies gave this letter but why??

But he remembered about the bomb blast in Delhi and Bombay so Watson,peter and victor went to Bombay and the other three went to Delhi to inform all the public from Delhi and Bombay but no bomb blast occurred

Thirst for power

Watson again allowed the public into Delhi and Bombay ,and he went to his house and again researched the letter . But all five told him that that is not a clue and they got separated each one in each direction searching for clue .meanwhile Watson joined the all pieces of the letter and he found that it was in a shape of a map ,but he was unaware that who is behind this and what is the plan. Suddenly he remembered that post office and then he alone went to the post office. There he saw that the it was locked and very dirty, when he went to backyard of the post office it was very different there it was very clean there. So he suspected that place and he peeked through a window but no one was there and it seemed to be visited often . And he went inside the office and investigated there he noticed that there was a piece of map locating some places ,he took a photo and scanned the map to Google it. He came to know that it was a map of Delhi. And he went to his house, he compared the map with the joined pieces of letter they looked same ,and he went to the marked places in the map. The first one was were the fake murder of MR.RICHARD took place ,suddenly he remembered the masked men .so he went to the place where Richard had been buried ,and he dug the grave yard and took the body of Richard but it decayed a little when he took out the facial mask

It was his victor's . then it all cleared to him , ` James, john ,Richard and the mysterious leader plans a terrorism and his boss victor found out this so they killed him in disguise as police but what about peter . he enquired peter about this he said that "I came to stop that incident ,I know they are not police but not about their plan". So they both went to the places the fake said murder they investigated the place very carefully they saw a bullet syringe there. When they did research about they came to know that it was a chloroform. Then they knew that the mysterious leader created a fake murder using a chloroform and said that they were masked men. They both went MR.RICHARD'S house to investigate it but they found nothing and returned home .Watson cross checked the maps and found a new place .it was a grave yard where victor was buried .why do they need to mark this place ??.. they started to dig all the graves and most of them were masked men and the

Watson: what happened Peter?

Peter: my boss is in danger come let's go

When both went to H.Q., mike was casually sitting when peter enquired about the phone call ,he answered that he his phone was out of order for weeks. Watson whispered in peter's ears that `masked men'. So both went to the grave yard there they found a newly arrived body and start to dig them they found a masked men whose original face belonged to mike .peter was broken ,however Watson consoled him and they went to home. There Watson checked the map ,he found a new place but peter refused to come with him so went there but to his astonishment it was the parliament . He again went to the post office , and peeked through window he was shocked to see that peter was killing the gangsters. Suddenly Watson entered the post office and stopped him, they enquired one of those gangsters and he was john

Watson: what is your plan

John :what plan ?

Peter: why did you kill my boss?

John :who?

Peter: Jason

John : who is Jason ?

(peter starts to beat him and again enquires)

John :he betrayed us

Peter: what ?

what is your plan?

John : about what?

Watson: about president

John: how did you came to know that?

Watson: by seeing the place of parliament in your map

John : so you knew about that too.....we are planning to kill the president and wear his mask ,and take over the rule and conquer the other nations and then world.

Watson : if victor is behind the face of Richard ,where is Richard. Then who did you kill peter

John: you will know about it later

Peter: leave it Watson ...the president's matter is more important

Then Watson, peter and some other agents who are friends of peter went to the parliament, there president was giving a speech about peace all over the world. They were confused that who will assassinate the president .while gazing over the crowd he saw a man similar to the mysterious leader and Richard .peter silently signaled to the agents to close the doors. Mean while Watson reached to stage and diverted president to the other room and mysterious leader ,Richard followed them .inside a room Richard shot the president and the other guards captured Richard and mysterious leader .Watson removed the facial mask of dead president and it was john . Watson saved president in other room . The guards captured other accomplices too . when we removed the mask of the leader

mysterious leader was proved to be the vice president of that country. He was sentenced for life time prison, he confessed that he has done it for power to rule . At last Watson and peter were free from stress but their agencies collapsed without proper leader ship .

that our case is not yet over , `missing piece' is just a starting there is long way ahead us ,Watson". "leave it peter we got to meet MR.Jones". we reached Jones's office, he was waiting for us at entrance of his office . he said "Watson it is not yet over" "what is not yet over?" I asked ,but peter was very nervous .Jones answered " your case of missing piece ,it's just a starting ...".Peter started to run and I chased him which lead to the post office where our last case "missing piece" started. We went inside that post office and we started to search the whole room , by a chance I came to see a symbol of a snake .I have already seen it and it belongs to the unknown gang called as the VIOLET VIPERS. Then we decided to start a deductive agency so we published an ad stating to inform us if public witnessed any crime. Mean while peter still was in deep thinking leaning in his chair , he is not normal since he had his instinct suddenly he got up

like spring and he dragged me to the grave yard that we had visited during our last case. He started to dig to the last grave, to our astonishment it was the ex defense minister of our country who is main suspect. But they are not the masked men, it means the men whom we arrested was not the real defense minister. Then we had a phone call

Watson: hello who's this?

Stranger: you must leave this case

Watson: who are you?

Stranger: that's none of your business

Watson: you can't escapehello...hello

"Who's that Watson" asked peter. "I don't know peter.....someone is threatening us .But I have tracked his phone, let's go. It was an abandoned house. When we entered the house there was a note left , "YOU CANNOT DESTROY VIBGYOR". "what do you mean by VIBGYOR", asked peter .But I didn't answer him ,and called him to the prison where defense minister is held. When we went in there the prison was totally damaged all guards were killed. We quickly headed to the cell where minister is locked up, but he's also dead with his blood something was written in the wall and it was VIBGYOR. Then we went to telephone exchange office s and asked to track the number from which

my friend called from , they asked to give them the number

Next day we planned to separate , I will go to telephone exchange office to search for records about VIBGYOR and I will go to telephone exchange office to enquire about mysterious call .

I got a negative result but peter got some lead so I wait to our office .peter told me that there are many who involved in this case but only few member are alive other are

The man who is talking: we must first find him Adam

Adam: otherwise mastermind will kill us Morgan.

I was shocked to see peter jumping the the compound wall of Morgan's house , in turn he was shocked to see me here. Both of us asked In chorus " what are you doing here

Watson : who are you?

Morgan: so you visited me without knowing it ?

Watson: what do you know about black vipers?

Morgan :oh ...that's easy...

Watson: TELL ME!

Morgan : ah..it's a kind of venomous snake which KILLS you if you oppose it.

Watson: who is mastermind?

Morgan: I don't know .

Suddenly peter dashed through the doors and started to enquire Morgan violently

Peter: where did you planned to attack?

Morgan: what attack?

Peter: stop .. I know you work for vibgyor

Watson: no he works for black vipers

Peter: I know there are some traitors in black vipers

Watson : but how do you...??

Morgan: so it's you(he whispered)....at...at..

Someone shouted "THE KILLING SPECTRUM VIBGYOR" and shot at morgan

The last words of morgan are "lets meet again". `what is

blabbering' I thought and suddenly remembered about adam, so I asked peter

Watson: what about Adam peter?

Peter: he's my informer

Peter: I have used him to

As Adam leaved , Watson suddenly entered and started to beat Morgan and asked why he had killed Richard

Suddenly someone shot him to dead his last words are

" let's meet again "

Peter removed his mask and showed the original face of Morgan

Revenge is ultimate

"There are seven people of same mask of Morgan ,who are the members of seven different gangs of vibgyor . we must find the leader of all seven group and kill them and

First I went to the meeting place of vibgyor there I saw morgan and adam talking , I took my gun to shoot the but someone shot them saying that "killing spectrum vibgyor" suddenly I started to chase him

He went through all nooks and corners of the street

At last I caught him and removed his mask and I was shocked to see that the shooter who was killing all our evidence was Jason , one who informed that the case is not yet over .and started to enquire him
